“It is full of so many helpful ideas to use in our group. Everyone is always a little shy about ‘doing the lesson,’ but with all this great material... who could refuse?”

*Ann Collins, First Christian Church, Salem Virginia*

***What happens when your prayers are answered?***

Read about six women who had their prayers answered and how that experience changed them forever!

# I called... God answered... I am changed

Prayer unfolds in three movements:

-  we call out our prayers and rest in God's presence
-  we perceive an answer or leading
-  we become changed in circumstance and/or attitude

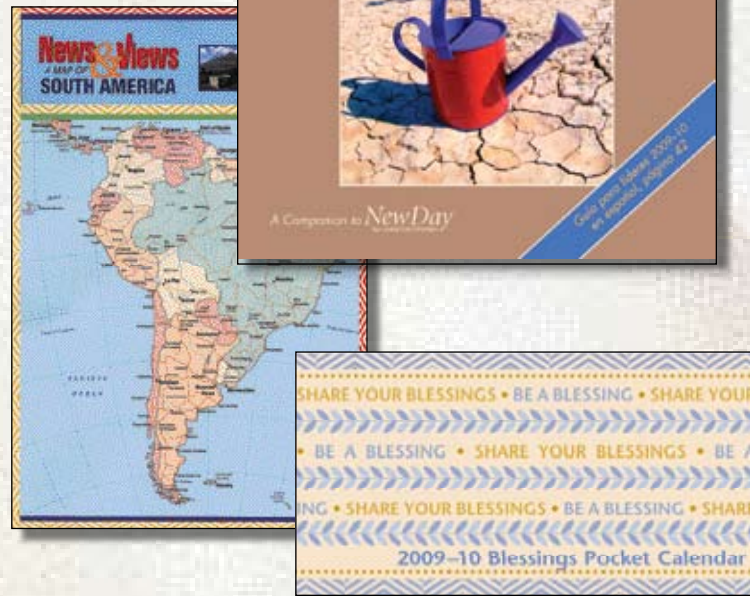

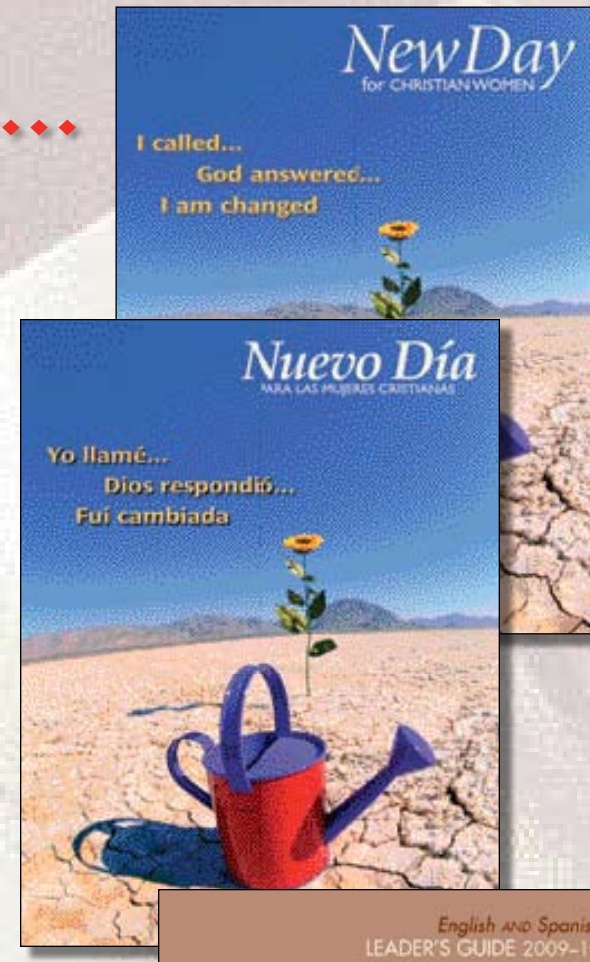

This issue of *New Day* Magazine focuses the reader's attention on the middle step in prayer perceiving the answers to prayer.

Three writers, one from the west coast, one from the east coast and one from middle America, offer us insights into biblical characters who experienced answered prayers.

Six writers share stories of answered prayers in their own contemporary experiences.

The director of FEDICE, a global mission partner organization in Ecuador, tells the stories of six women of strength in rural areas of her country and how prayer and action have changed their communities for the better.

Ideal for use by individuals or small groups, the magazine's eight sections weave together biblical, current day, and global stories with prayer disciplines to assist readers to reach out and receive God's amazing grace.
